17	Cummulative cases with lab. confirmation (acute) Cummulative cases with lab. confirmation (convalescent)	00 22
18	Date of admission of last confirmed case	01/02/2019
19	Date of discharge of last confirmed case	02/02/2019
20	Confirmed cases that have died	1 (Died from the community)

^{#1} The identified areas are Kamwokya Central Division, Mutudwe Rubaga, Kitintale Zone 10 Nakawa, Naguru - Kasende Nakawa, Kasanga Makindye, Kalambi Bulaga Wakiso, Banda Zone B3, Luzira Kamwanyi, Ndeba-Kironde, Katagwe Kamila Subconty Luwero District, Kisenyi Zone in Central Division, Lusaka Zone, Bukasa and Namuwongo in Mankidye, Mulimira – Bukoto and Mbuya Zone5 in Nakawa, Kireka B and Namboole Kito in Kiira Municipality Wakiso District, kabowa in Lubaga

^{#2} Community death on 4th February 2019

Summary: As of Monday 4th February 2019, there are four new admissions at the isolation unit, three of whom are siblings whose mother was admitted on 1st February 2019 with confirmed cholera from Mutudwe Kabawo Zone, Rubaga Division. The other person is from Kitintale Zone 10, Nakawa Division. Currently there are five people admitted, undergoing treatment at Naguru Hospital.

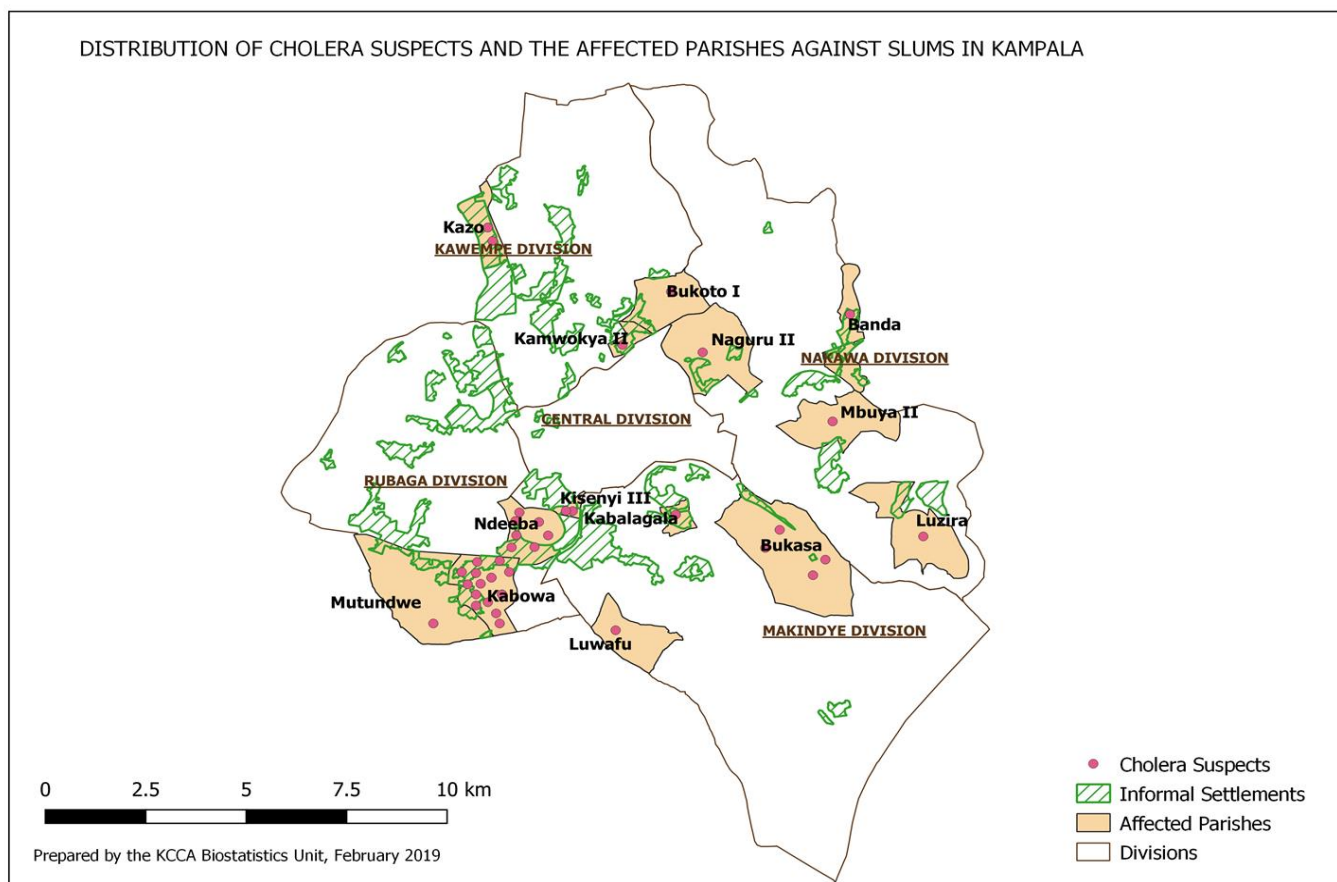

On a sad note a community death with signs and symptoms of cholera occurred today at Katwe II Musoke Zone in Makindye division. The body of the deceased was buried at Nkowe Cemetery. Three people who were in contact with the body of the deceased were line listed and given prophylaxis by the Makindye team. They are currently under monitoring and follow up.

Four results returned from CPHL today and two of them were positive for Cholera, these were the patients from Kireka B, Kira Municipality Wakiso District who were admitted on 28th January 2019 and discharged on 31st January 2019.

The other two results were positive for Salmonella (Patient from Bukoto and Kasanga) who were treated and discharged on 17th and 26th January 2019 respectively. The Epi curve below displays the trends of suspected cholera cases from 4th to 3rd February 2019.

DISTRIBUTION OF CHOLERA SUSPECTS AND THE AFFECTED PARISHES AGAINST SLUMS IN KAMPALA

2. Highlight of Interventions carried out throughout the outbreak

Area	Activity	Status	Responsible person
Co-ordination	<ul style="list-style-type: none"> The state minister of health for primary health care Hon Dr. Joyce Moriku Kaducu released a press statement on 25th Jan 2019 to update the public on the Cholera outbreak in Kampala capital city. 	Completed	MoH
	<ul style="list-style-type: none"> KCCA team attended the NTF meeting today Wednesday 24th January 2019. NTF has taken up cholera response as a National response to support efforts of KCCA. One of the action points at the meeting was that partners were requested to support the approved KCCA Cholera response plan and budget. 	Completed	EPI/ Surveillance Focal Person
	<ul style="list-style-type: none"> Makindye team formed a rapid response team. A mini work plan for 6 six weeks was drafted. 	Completed	Makindye team

	<ul style="list-style-type: none"> • A cholera stake holders meeting was held on Tuesday 22nd January 2019 at KCCA Mayor’s palour and the following actio9n points were made: <ul style="list-style-type: none"> ○ The approved cholera response budget shared with all partners ○ Red Cross committed to deliver IEC materials to division offices. ○ Water Aid pledged to support media engagements, community dialogues, and house to house sensitizations. ○ AMREF will continue to support Kawempe division and is planning to expand its scope of work to other divisions. ○ Uniformed forces have often been neglected and have requested to be included in Cholera prevention efforts. ○ Continuous engagement with NWSC for provision of clean safe water to the population. ○ Setting up sanitation user committees in all divisions. ○ Engagement of landlords to take lead in ownership and emptying of public toilets built on their land • CHT meeting chaired by the manager medical services is held every Friday where status of cholera outbreak and response is discussed. • Rubaga team held an emergency council meeting on 16th Jan 2019 to discuss Cholera interventions in the Division. • A Cholera Rapid Response Committee meeting chaired by the Manager Medical Services was held today, 15th Jan 2019. • A Kampala Capital city special council meeting was called to discuss the cholera outbreak in the city.
